camSmart-View

Simplicity and Style from the manufactures Harkness Screens

Smart -**View** Screen System
Assembled in minutes, no other screen offers the stylish simplicity. Providing a totally professional appearance, the lightweight frame hangs from a simple rail - perfectly flush to the wall. Smart-View is suitable for both front and rear projection systems.

Application

Smart -**View** screens are recommended for:

Board Rooms, Corporate Information Suites, Reception Areas and other prestige business locations.

Smaller Viewing Theatres, Visitor Centres, Museums and other selected presentation venues.

Construction

Smart -**View** frames are constructed of lightweight extruded aluminium sections.

Finish options are non-reflective black powder coated or black velour cloth.
Fixing rail supplied (but not screw fixings).

Factory mitred corners for a perfect join.

Assembly

Frames are supplied flat packed for self-assembly complete with surface choice as ordered.
