## Fast-Fold® Truss Frame Screens

Large Heavy-duty Portable Screens

SPECIFICATION DATA

**SUGGESTED SPECIFICATIONS:** \_\_\_\_\_ projection screen(s), \_\_\_\_\_ (H) x \_\_\_\_\_ (W), portable type. To have flexible screen surface, flame retardant and mildew resistant. Screen surface will have reinforced black binding on all four sides and will attach to front of frame with metal snaps. Frame to consist of 1" square aluminum tubing, heliarc welded to form a 6" x 1" truss member. Members are joined with a piano hinge to allow for folding. 6' truss legs with anti-sway braces support the truss frame and allow height

adjustments up and down in 6" increments. Larger frames have additional bracing members for extra rigidity and long life. Frame is clear etched and anodized to be brushed and burr free. All steel hardware is plated. Includes wheeled polyethylene carrying cases. Polyethylene carrying cases meet or exceed Air Transport Association (ATA) Specification 300 standards.

### PRODUCT NOTES

- All surfaces up to 16' high will be seamless.
